

## Grow Technical Rider

### Space:

- Flat area of **8 x 6 metres** for the performance site (with additional space for the audience on three sides).
- Flat flooring, no cobbles or gravel but concrete is fine.
- We require a warmup space for 2 people and a rehearsal director

### Sound:

- We require a PA system for the performance with mini-jack connection
- Our stage manager will cue the music during our production.

### Timings:

- The show is 25 minutes duration
- The get in is 2 hours (including warm up time).
- We required a 2 hour break between performance start times.

### Get In / Get Out:

- We ideally require vehicle access to the performance site for get in and get out.
- We can clear the set in between performances
- We will require overnight storage for the props for 2 day bookings

### People:

- There are two people in the performance.
- There is also a stage manager on the road.
- We require accommodation for 3 people the night prior to the performances (where the company has to travel more than 90 minutes from Manchester City Centre).

### Other information about the show:

- Suited to family audiences and adults of all ages.
- The show has a number of props including astro turf and plant pots.
- Can be performed inside or outdoors.
- The piece is designed for mid-scale audiences.
- It has text but the story is also told through dance and physical theatre making it enjoyable for audiences in a wider way.
